

Artist Commissions

Creative Places, Edenderry

April 2026

Creative Places, Edenderry is a 6-year, community-based project to connect, create and develop artistic and cultural activities that will enhance community engagement and spirit in the area.

Creative Places, Edenderry is led by [Creative Lives](#), a registered charity established in 1991. We champion community and volunteer-led creative activity, and work to improve opportunities for everyone to be creative. In particular, we celebrate and promote people expressing themselves creatively with others, recognising the benefits this can bring.

Creative Places, Edenderry is supported by Arts Council of Ireland/An Comhairle Ealaíon, Offaly County Council, Municipal District of Edenderry, and Offaly Libraries. You can read more about the Creative Places projects across Ireland here: [Creative Places - The Arts Council / An Chomhairle Ealaíon](#)

Creative Places, Edenderry aims to work with people of all ages and backgrounds to create a richer, more inclusive and cohesive creative community in the town and surrounding area. Over the course of the last four and a half years, there have been opportunities for professional artists, non-professional artists, community groups, and individuals to take part. The project is owned and developed collaboratively by the people of Edenderry, with sustainability at the heart of every workshop, event and activity that we run.

- The Creative Places, Edenderry approach is rooted in Socially Engaged Art Practice and Community Development Principles.
- We are currently in Year 5 of the project and there has been lots of interesting work, events, projects activities, Seed Funding Grants and Artist Commissions delivered to date. Here are the links to our website and social media pages: [Creative Places: Edenderry](#)
